

Software Engineering Intern

Holland, MI

SpinDance, a leader in custom Internet of Things (IoT) software, is looking for an ambitious and talented developer to join our growing team of engineers. As an intern, you will have an opportunity to leverage your skills and education to contribute to applications in one or more of the following domains: Mobile (iOS and Android), Cloud, Web, and Embedded. If you love using multiple languages in a variety of domains, you'll love working at SpinDance.

At SpinDance, we focus on developing solutions for startups, Fortune 500s, and everyone in between. As part of our engineering team, you'll get to work on projects across a wide variety of industries. You'll work with an experienced, friendly team of software engineers, architects and program managers to build a smarter connected world.

What You'll Do

- Contribute to a variety of IoT products, using languages like Java, Swift, Kotlin, C, Scala and JavaScript to develop native mobile apps and cloud solutions in combination with platforms like AWS, Azure, and GCP.
- Apply your understanding of software development in at least one domain.
- Learn to use IoT methodologies and protocols to build next-generation connected solutions.
- Use TDD, CI/CD and DevOps methodologies to develop high quality software.
- Work on Agile software teams to collaborate with customers to build the right solution for their unique requirements, timelines and budgets.

What We're Looking For

- Pursuing a degree in Computer Science or Software Engineering. A strong sense of software craftsmanship is a plus.
- A junior or senior at the time of the internship.
- Some experience developing software in one of our primary domains (cloud, mobile, embedded, or web) is a major plus. Don't worry if you don't know IoT, we'll teach you that part.
- A desire to gain experience across multiple software domains.
- A desire to work in an Agile development environment.
- A desire to learn and share what you've learned through a variety of avenues.
- Strong interpersonal skills: teamwork is very important to us.

Why SpinDance?

SpinDance is a 20 year old, profitable software company focused on craftsmanship and pragmatic solutions. Our team of around 50 includes people of all ages and walks of life, and who love waking up everyday to solve all sorts of interesting problems.

Here's what we offer:

- Competitive wage.
- A fun, caring team who holds each other accountable for results, and values a healthy work/life balance.
- A great environment for learning and mentorship. One of our core values is to mentor and learn!
- Flexible hours.
- Regular snacks and lunches. We bring in breakfast food on Monday and have catered lunches twice a month, or more.

Interested? Let's Talk.

If you want to learn more, drop us an email at careers@spindance.com. Make sure to include the following:

1. Your resume.
2. Contact info, including your name, email address, and a good phone number to reach you at.
3. Some sample code and/or a cover letter explaining why you're interested in an internship with SpinDance.

We'll get back to you within a week to continue the process.
