

VOLUNTEER INTERNSHIP PROGRAM 2024

ABOUT US

We provide electricity to remote communities utilizing the power of the wind to provide a sustainable source of energy.

LIGHT UP
A LIFE

YOUR
EXPERIENCE

IN PERSON & ONLINE EDUCATION

WINDAID IN NUMBERS

80+ Students taught
across 40 countries

100+ Educational
workshops led

30+ Communities
helped across six
different regions

HANDS ON ENGINEERING EXPERIENCE BUILDING AND INSTALLING WIND TURBINES

Work alongside experienced and passionate people from a range of backgrounds and disciplines and learn about the design, construction, and installation of a wind turbine.

SOCIAL & LIFE EXPERIENCE

Improve your Spanish and experience the life and culture of Peru as you travel and lead workshops to educate remote communities about renewable energy sources and how to maintain their new wind turbine(s).

RESEARCH AND DEVELOPMENT

WindAid is committed to research and development to maximize the impact, efficiency, and longevity of our wind turbines.
